**Chivalry and Violence in Medieval Europe** Mar 15 2022 Medieval Europe was a rapidly developing society with a problem of violent disorder. Professor Kaeuper's original and authoritative study reveals that chivalry was not simply part of the solution. Chivalry praised heroic violence by knights, and fused such displays of prowess with honour, piety, high status, and attractiveness to women. Though the vast body of chivalric literature, here examined, praises chivalry as necessary to civilization, most texts also worry over knightly violence, criticize all ideals and practices of chivalry, and often propose reforms. The knights themselves joined the debate, absorbing some reforms, ignoring others, sometimes proposing their own. Complexity likewise characterized the interaction of chivalry with major governing institutions ("church" and "state") emerging at the same time: kings and clerics both needed and feared the force of knighthood. This fascinating book lays bare the conflicts and paradoxes surrounding the concept of chivalry in medieval Europe.

[Direct and Indirect Speech](#) Jun 25 2020 TRENDS IN LINGUISTICS is a series of books that open new perspectives in our understanding of language. The series publishes state-of-the-art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by building bridges to neighbouring fields such as neuroscience and cognitive science. TRENDS IN LINGUISTICS considers itself a forum for cutting-edge research based on solid empirical data on language in its various manifestations, including sign languages. It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language. TRENDS IN LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes, which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints. High quality standards are ensured through anonymous reviewing.

**A Knight's Own Book of Chivalry** Mar 03 2021 On the great influence of a valiant lord: "The companions, who see that good warriors are honored by the great lords for their prowess, become more determined to attain this level of prowess." On the lady who sees her knight honored: "All of this makes the noble lady rejoice greatly within herself at the fact that she has set her mind and heart on loving and helping to make such a good knight or good man-at-arms." On the worthiest amusements: "The best pastime of all is to be often in good company, far from unworthy men and from unworthy activities from which no good can come." Enter the real world of knights and their code of ethics and behavior. Read how an aspiring knight of the fourteenth century would conduct himself and learn what he would have needed to know when traveling, fighting, appearing in court, and engaging fellow knights. Composed at the height of the Hundred Years War by Geoffroi de Charny, one of the most respected knights of his age, *A Knight's Own Book of Chivalry* was designed as a guide for members of the Company of the Star, an order created by Jean II of France in 1352 to rival the English Order of the Garter. This is the most authentic and complete manual on the day-to-day life of the knight that has survived the

centuries, and this edition contains a specially commissioned introduction from historian Richard W. Kaeuper that gives the history of both the book and its author, who, among his other achievements, was the original owner of the Shroud of Turin.

**Round the World in the Wrong Season** Apr 04 2021 Round the World in the Wrong Season, by Eric T. Wiberg - Written between 1994 and 2009, is a memoir of global travel and an unfulfilled college crush. The book follows the narrator out of school and across the Pacific. At only 23 he has command of a 68-foot Burmese-teak ketch built in Scotland thrust upon him. The owner is on a voyage home to his death, and along the way they hire sailors twice the skipper's age. They makes it to New Zealand in a storm which sinks seven yachts, then spends months shearing sheep and writing a memoir. By the time the narrator makes a rendezvous with his college sweetheart (who has been teaching Thai students on the Burmese border), she seems to have all but forgotten him. This leads to a less than satisfactory denouement and puts at least one of them in the hospital. The book includes extensive photographs and hand-drawn charts and a detailed bibliography. It is over 400 pages in length, perfect bound in cloth. More

**Morrison-Valfre's Foundations of Mental Health Care in Canada, 1e** Sep 21 2022 Build a broad fundamental knowledge of Canadian mental health concepts and disorders! Morrison-Valfre's Foundations of Mental Health Care in Canada uses an easy-to-read, multidisciplinary approach to describe current therapeutic interventions and treatments for mental health conditions. Ideal for nurses and other caregivers, this guide provides concise coverage of skills and principles, therapeutic skills, mental health problems throughout the lifecycle, and common psychological and psychosocial conditions. Included are topics such as new research, the latest mental health legislation, and new psychotropic drugs. Adapted for a Canadian audience by Boris Bard, Eric MacMullin, and Jacqueline Williamson, this resource enables you to provide effective therapy to clients with a wide range of maladaptive behaviours. Coverage of psychotropic medications emphasizes the latest in safe pharmaceutical treatment in mental health care. Coverage of internet usage features emerging mental health issues surrounding use of the internet, highlighting related addictions and violence. Updated DSM-5 diagnoses include the latest information on new mental health diagnoses recognized by the American Psychiatric Association. Sample client care plans show how members of the health care team work collaboratively to meet client needs. Case studies use realistic client situations to strengthen critical thinking and ensure that students consider psychosocial aspects of therapeutic care. Critical Thinking boxes include practice scenarios with client issues as well as questions that stimulate more careful analysis. Cultural Consideration boxes highlight cultural issues and address the varied mental health needs of culturally diverse clients. Medication Alert boxes identify the risks and possible adverse reactions of psychotherapeutic medications. Chapter objectives focus on the most important concepts. Key terms include phonetic pronunciations and text page references, and are listed in a comprehensive glossary, making it easier for students to understand and use mental health terminology. NEW! Comprehensive coverage includes Canadian statistics, research, references and resources, guidelines, assessment and screening tools, therapies, drugs, terminology, and more. NEW! Canadian cultural considerations are included when content relates to race/ethnicity, Indigenous people, and the LGBTQ2 community. NEW! Coverage of trending topics includes medical assistance in dying (MAID), the opioid crisis, legalization of cannabis (Bill C-45, the Cannabis Act), vaping, harm reduction, violence against women, and more. NEW! Balanced coverage of mental health care addresses a variety of workplace settings. NEW! Critical Thinking Questions are included at the end of each chapter, allowing students to apply

concepts to practice.

Incest and the Medieval Imagination Aug 28 2020 Incest is a remarkably frequent theme in medieval literature; it occurs in a wide range of genres, including romances, saints's lives, and exempla. Historically, the Church in the later Middle Ages was very concerned about breaches of the complex laws against incest, which was defined very broadly at the time to cover family relationships outside the nuclear family and also spiritual relationships through baptism. Medieval writers accepted that incestuous desire was a widespread phenomenon among women as well as men. They are surprisingly open about incest, though of course they disapprove of it; in many exemplary stories incest is identified with original sin, but the moral emphasizes the importance of contrition and the availability of grace even to such heinous sinners. This study begins with a brief account of the development of medieval incest laws, and the extent to which they were obeyed. Next comes a survey of classical incest stories and their legacy; many were retold in the Middle Ages, but they were frequently adapted to the purposes of Christian moralizers. In the three chapters that follow, homegrown medieval incest stories are grouped by relationship: mother-son (focusing on the Gregorius legend), father-daughter (focusing on La Manekine and its analogues), and sibling (focusing on the Arthurian legend). The final chapter considers the very common medieval trope of the Virgin Mary as mother, daughter, sister and bride of Christ, the one exception to the incest taboo. In western society today, incest has recently been recognized as a serious social problem, and has also become a frequent theme in both fiction and non-fiction, just as it was in the Middle Ages. This interdisciplinary study is the first broad survey of medieval incest stories in Latin and the vernaculars (mainly French, English and German). It situates the incest theme in both literary and cultural contexts, and offers many thought-provoking comparisons and contrasts to our own society in terms of gender relations, the power of patriarchy, the role of religious institutions in regulating morality, and the relationship between life and literature.

**A Short History of French Literature** Jul 07 2021

**Poetry and Philosophy from Homer to Rousseau** Aug 08 2021 This accessible and jargon-free book features readings of over 20 key texts and authors in Western poetry and philosophy, including Homer, Plato, Beowulf , Dante, Chaucer, Shakespeare and Rousseau. Simon Haines presents a thought-provoking and theoretically aware account of Western literature and philosophy, arguing that the history of both can be seen as a struggle between two different conceptions of the self: the 'romantic' (or dualist) vs the 'realist' or ('extended').

**Foundations of Mental Health Care - E-Book** Oct 22 2022 Build a broad fundamental knowledge of mental health concepts and disorders with Foundations of Mental Health Care, 6th Edition — perfect for students, nurses, and other health care providers. This market-leading text features new psychotropic drug content and concise explanations of adaptive and maladaptive behaviors, as well as descriptions of the most current therapeutic interventions and treatments for mental health conditions. It helps you work comfortably with clients who exhibit a wide range of

maladaptive human behaviors, and apply the concepts of holistic care when assisting clients in developing more effective attitudes and behaviors. Sample Client Care Plans address how members of the health care team work collaboratively to meet client needs. Realistic case studies illustrate chapter concepts, strengthen critical thinking, and ensure you consider psychosocial aspects of therapeutic care. Critical Thinking boxes include practice scenarios and contain thought-provoking client issues and questions that stimulate critical thinking. Cultural Consideration boxes highlight cultural issues and encourage you to attend to the mental health needs of culturally diverse clients. Drug Alert boxes focus attention on medication issues and identify the risks and possible adverse reactions of psychotherapeutic medications. Key terms with phonetic pronunciations, text page references, and a comprehensive glossary strengthen your understanding of mental health terminology. Numbered chapter objectives provide a framework for the chapter content and the accompanying TEACH Lesson Plans. NEW! Content on the impact of the Affordable Care Act on mental health coverage and treatment informs you of the most current treatment options. NEW! Up-to-date coverage of the latest psychotropic medications emphasizes the most recent findings in safe pharmaceutical treatment in mental health care. EXPANDED and NEW! Increased coverage of mental health surrounding mass violence keeps you up to date on the latest issues and approaches to treatment. UPDATED! Current content on mental health issues and returning war veterans highlights mental health disorders affecting this population. NEW! Discusses emerging mental health issues surrounding usage of electronic devices and the Internet, such as addiction. NEW! Addresses updated DSM 5 diagnoses within appropriate chapters to ensure you have the latest information on new mental health diagnoses recognized by the American Psychiatric Association.

Ancestral Fault in Ancient Greece Jun 06 2021 Ancestral fault is a core idea of Greek literature. 'The guiltless will pay for the deeds later: either the man's children, or his descendants thereafter', said Solon in the sixth century BC, a statement echoed throughout the rest of antiquity. This notion lies at the heart of ancient Greek thinking on theodicy, inheritance and privilege, the meaning of suffering, the links between wealth and morality, individual responsibility, the bonds that unite generations and the grand movements of history. From Homer to Proclus, it played a major role in some of the most critical and pressing reflections of Greek culture on divinity, society and knowledge. The burning modern preoccupation with collective responsibility across generations has a long, deep antecedent in classical Greek literature and its reception. This book retraces the trajectories of Greek ancestral fault and the varieties of its expression through the many genres and centuries where it is found.

Riches in Niches Dec 20 2019 In *Riches in Niches: How to Make It BIG in a Small Market*, Susan explores the multiple factors that separate the experts from the service professionals who may have identical if not better skills, but whom no one has ever heard of.

**Feudal Society** Jan 01 2021 Annotation. *Feudal Society* discusses the economic and social conditions in which feudalism developed providing a deep understanding of the processes at work in medieval Europe.

**Deep-Sea Pycnogonids and Crustaceans of the Americas** Jan 21 2020 Among the deep-sea marine invertebrates, pycnogonids and crustaceans represent ecologically important and most diverse groups of species. Yet both are still poorly understood. Sampling and exploring operations off the west and east coast of the Americas has significantly increased in the last two decades. However such operations are very costly and limited in number and frequency. In countries like Brazil, Canada, Chile, Colombia, Costa Rica, Mexico, Peru, the United States of America, and El Salvador a large effort has been made to explore the deep-sea resources and the rich diversity of the communities, resulting in a better understanding of the natural ecosystems on both coasts of America. Pycnogonids and many groups of deep-sea crustaceans have been intensively studied, from the smallest animals, like the mostly unknown benthic copepods to the largest decapods. This book presents new and updated information on various groups of deep-sea pycnogonids and crustaceans occurring off the American continent. Offering a valuable reference resource for scientists interested in this fascinating fauna, it includes review papers and new data on the deep-sea communities occurring off the USA, Mexico, El Salvador, Costa Rica, Colombia, Chile, Peru, Brazil and Argentina, as well as in larger areas in both the East Pacific and the West Atlantic. As such it covers most of the current deep-water research in Latin America.

**Arts & Humanities Citation Index** May 05 2021 A multidisciplinary index covering the journal literature of the arts and humanities. It fully covers 1,144 of the world's leading arts and humanities journals, and it indexes individually selected, relevant items from over 6,800 major science and social science journals.

*New Studies in the Manuscript Tradition of Njáls saga* Apr 16 2022 *Njáls saga* is the best known and most highly regarded of all medieval Icelandic sagas and it occupies a special place in Icelandic cultural history. The manuscript tradition is exceptionally rich and extensive. The oldest extant manuscripts date to only a couple of decades after the saga's composition in the late 13th century and the saga was subsequently copied by hand continuously up until the 20th century, even alongside the circulation of printed text editions in latter centuries. The manuscript corpus as a whole has great socio-historical value, showcasing the myriad ways in which generations of Icelanders interpreted the saga and took an active part in its transmission; the manuscripts are also valuable sources for evidence of linguistic change and other phenomena. The essays in this volume present new research and a range of interdisciplinary perspectives on the *Njáls saga* manuscripts. Many of the authors took part in the international research project "The Variance of *Njáls saga*" which was funded by the Icelandic Research Council from 2011-2013.

**Perfect Phrases for Managing Your Small Business** Jul 27 2020 *The Right Phrase for Every Situation . . . Every Time!* As a small business owner, you may find yourself overwhelmed with endless chores, decisions, and day-to-day responsibilities. Communicating clearly with everyone from vendors to employees is critical to your success. *Perfect Phrases for Managing Your Small Business* provides the phrases you'll need to take charge, perform your tasks, and succeed in these trying times. Inside you'll find: Hundreds of quick, ready-to-use concepts and phrases for nearly every business situation Targeted coverage on topics, from starting your business to hiring and motivating employees to dealing with challenging customer situations How to market and sell your products and services
