Financial Accounting 7E WileyPlus Standalone Card

Sep 28 2020 Financial Accounting 7th edition continues the strong reputation established by this leading Australian text as the most comprehensive book for students studying introductory accounting in undergraduate or postgraduate programs. The new edition is ideal for accounting and non-accounting majors alike, illustrating the applications of accounting and its role in business decision making. Accordingly, information on the accounting process and the regulatory environment has been thoroughly updated in line with recent changes to AIFRS and the Framework as per developments with the International Accounting Standards Board. A new, four colour design provides students with a more reader-friendly text, enhancing their understanding of concepts and

their experience of the text. The text builds on the thorough and reliable explanation of the accounting process through the addition of new 'Link to business' chapter vignettes that apply the principles to practice. Previous editions were renowned for the number of exercises and problems, and the new edition builds upon this superior teaching feature. The end-of-chapter activities will encourage student confidence in using accounting through the development of skills in decision-making, critical thinking, ethical thinking, analysis and communication.
