A fun and exciting scavenger hunt that takes place both in real life and inside the game world. It's a new interactive game that the whole family can play, where the kids put their logic and problem-solving skills to the test while mom and dad sit back and watch the chaos unfold. It's an educational experience that can help make learning and studying fun again, even at home. With Zevik Treasure Hunt, you can set your own motivation-whether it's the pleasure of getting a riddle right, unearthing a hidden prize, or the sweetness of winning candy. Advance in the game and earn real-life rewards! First things first: how do you play? There are three things you need to first start a game: a setting, treasures, and a smartphone. The setting can be your living room, a library, the office, or even the garden. Or why not all four? Either way, you'll be hiding treasures of your choice in different hiding spots inside your house. Stash healthy snacks like fruits and nuts, themed candy (golden chocolate coins!), or little toys and tokens that your kids will enjoy, like shiny marbles, small amounts of pocket money, or dice. Be creative about your hiding spots! Behind or inside vases, underneath carpets, between books, in the shelves, and under pillows. (Note: You can wrap your food prizes in little sandwich bags to keep out dust and dirt.) And finally, use the app to take pictures of the different hideouts, from a distance. Now the game is set! The game is played by solving different challenges to win

clues towards the treasure. Challenges are incorporated in any one of our available game worksheets booklets, tailored to player age and skill level. Every time your pirates solve a problem in the worksheet they get a secret code that they can enter into the game app that should reveal the location of a hidden treasure hideout. You can spice things up by leveling up the difficulty or by adding a timer. Adults and older kids can help little ones play if it looks like it's getting too hairy. With a Zevik Treasure Hunt, you can help the kiddos burn off extra energy before dinnertime while helping them study, too!
