**renaissance learning renaissance place  
renaissance u star web accelerated reader ar is  
software for k 12 schools for monitoring the  
practice of reading it was developed by  
renaissance learning inc there are two versions a  
desktop version and a web based version in  
renaissance place the company s online portal  
download answers to renaissance place ar tests  
updated web for ar testing only for specific  
school web tests accelerated reader is a  
computer based program that schools may use  
to monitor reading practice and progress it helps  
teachers guide kids to books that are on kids  
individual reading levels kids take short quizzes  
after reading a book to check if they ve  
understood it ican believes in the power of this  
tool web sep 27 2022 you can perform a hit test  
or a raycast in ar foundation for unity to  
determine the correct placement of a 3d object  
in your scene correct placement ensures that the  
ar content is rendered at web may 10 2023 the  
instant placement api allows the user to place ar  
objects instantly without having to first move  
their device to allow arcore to establish full  
tracking and detect surface geometry after the  
user has placed an object its pose is refined in  
real time as the user moves through the**
