Oxford Literacy has been specifically designed to support guided reading in the first three years of school. The Oxford Literacy fiction and non-fiction guided reading texts recognise that a guided reading group in a 'real' classroom never has every student on the same level; therefore, the texts and supporting teaching versions allow educators to work with small groups of students across a range of levels within their stage of reading. Because Oxford Literacy is a guided reading program, a single title has limited use in a classroom; therefore, it is recommended that educators use multiple copies of a title in guided reading groups to achieve maximum benefit from Oxford Literacy. Much has been written on the topic of guided reading over the last twenty years, but no other leaders in literacy education have championed the topic with such depth and breadth as Irene Fountas and Gay Su Pinnell. In the highly anticipated second edition of Guided Reading, Fountas and Pinnell remind you of guided reading's critical value within a comprehensive literacy system, and the reflective, responsive teaching required to realize its full potential. Now with Guided Reading, Second Edition, (re)discover the essential elements of guided reading through: a wider and more comprehensive look at its place within a coherent literacy system a refined and deeper understanding of its complexity an examination of the steps in implementation- from observing and assessing literacy behaviors, to grouping in a thoughtful and dynamic way, to analyzing texts, to teaching the lesson the teaching for systems of strategic actions a rich text base that can support and extend student learning the re-emerging role of shared reading as a way to lead guided and independent reading forward the development of managed independent learning across the grades an in-depth exploration of responsive teaching the role of facilitative language in supporting change over time in students' processing systems the identification of high-priority shifts in learning to focus on at each text level the creation of a learning environment within which literacy and language can flourish. Through guided reading, students learn how to engage in every facet of the reading process and apply their reading power to all literacy contexts. Which Book and Why? is the definitive guide for teachers trying to achieve effective guided reading for children in Foundation Stage and Key Stage 1. This vital resource helps teachers to choose the right book at the right time for young readers based on focused assessments and explains how guided reading fits with current theoretical understanding of how children learn. It demonstrates how guided reading works in practice, outlines how practice may vary depending on the choice of text, teaching objectives and the needs of the child and provides guidance for school subject leaders and senior managers. Which Book and Why? includes in the accompanying CD-ROM a fully searchable database to support schools and teachers in choosing the most appropriate books at the right level for each group in a class. Each section of the book offers professional development and self-study activities for teachers- including student teachers, newly qualified teachers, and staff new to guided reading; resources for literacy subject coordinators; and resources for senior management and leadership teams to support the implementation of high-quality and effective guided reading lessons.
