Though now a largely forgotten holiday in the United States, May Day was founded here in 1886 by an energized labor movement as a part of its struggle for the eight-hour day. In ensuing years, May Day took on new meaning, and by the early 1900s had become an annual rallying point for anarchists, socialists, and communists around the world. Yet American workers and radicals also used May Day to advance alternative definitions of what it meant to be an American and

what America should be as a nation. Mining contemporary newspapers, party and union records, oral histories, photographs, and rare film footage, America's Forgotten Holiday explains how May Days celebrants, through their colorful parades and mass meetings, both contributed to the construction of their own radical American identities and publicized alternative social and political models for the nation. This fascinating story of May Day in America reveals how many contours of American nationalism developed in dialogue with political radicals and workers, and uncovers the cultural history of those who considered themselves both patriotic and dissenting Americans. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally

available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. You may not think that a history book could make you laugh, but THE AMERICAN PAGEANT just might. It's known for being one of the most popular, effective and entertaining texts on American history. Colorful anecdotes, first-person quotations and the authors' trademark wit bring history to life. Learning aids make the book as accessible as it is enjoyable:

part openers and chapter-ending chronologies provide a context for the major periods in American history, while primary sources and introductions to key historical figures give you a front row seat to the nation's past. Excerpt from Origin and Traditional History of the Wyandotts, and Sketches of Other Indian Tribes of North America Ask the red man, in his primeval nature, to what part of the world (besides this continent), can he trace his ancestors, or whether he believes, when told by the white man, that he sprung from some of the lost or scattered tribes of Israel, and he will return you this answer: the Great and Good Spirit made us, and placed us here. To the educated Indian, this history may suddenly appear like some phantom from the past, and who may find fault with it. To such, I would say, well then, why don't you write a history of your nation, yourself? About the Publisher Forgotten Books publishes

hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works. Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). Excerpt from A Short History of the United States IN this book I have sought to tell clearly and impartially the story of human achievement in what is now the United States, from the earliest traces of man's existence to the present time. Out of the multitude of facts which may be

considered within the domain of American history, those have been recounted which seem best suited to explain the progress of the people as a nation. The influence of physical environment has been discussed in the opening chapter, which also deals with the primitive inhabitants. An attempt has been made to give the colonial period its proper unity and show in what manner the colonies were a part of the general British scheme of imperial government. At the same time one must remember that it is American and not British history which concerns us, and for that reason. The narrative must not neglect the individual colonies. From the end of the colonial period the dominant interest is the progress of events which have to do with the common cause of independence, and after that with national development. Much thought has been given to the proper distribution of emphasis between the various historical factors. Political institutions are the most conscious expression of the national will. They determine the form of the story which the historian has to tell. But social and economic conditions and the actions of leading men give color and contour to the figure and decide whether it be attractive or unattractive, vivid or unimpressive. This volume contains at intervals summaries of the habits and social progress of the people, while throughout it seeks to present the decisions of congress and administrations in the matters which relate to the most important phases of popular welfare. It is believed that, if well done, it thus becomes in the most vital sense a social history. My aim has been to lay the necessary foundation for

those who wish to pursue further the subject of American history in whatever phase they may be interested. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Re-examines American History through the theme of contested equality Taking an inclusive view of American history, Created Equal emphasizes the struggles for equality experienced by diverse groups of Americans across the many regions of the nation. With a steadfast chronological framework, and a strong narrative thread, the authors offer a fresh and critical perspective on the traditional story. MyHistoryLab is an integral part of the Jones program. Key learning applications include assessment, MyHistoryLab Video Series, and History Explorer. A better teaching and learning experience This program will provide a better teaching and learning experience—for you and your students. Here's how: Personalize Learning — MyHistoryLab is an online homework, tutorial, and assessment program. It helps students prepare for class and instructor gauge individual and class performance. Emphasize Outcomes — Learning Objective Questions at the beginning of each chapter and a chapter review and thematic timeline ending each chapter keep students focused on what they need to know. On MyHistoryLab, practice tests help students achieve these objectives by measuring progress and creating personalized study plans. Engage Students — A new pedagogically-driven design highlights a clear learning path through the material

and offers a visually stunning learning experience in print or on a screen. With the Pearson eText, students can transition directly to MyHistoryLab resources such as primary source documents, videos, and mapping exercises. Improve Critical Thinking — Powerful learning applications in MyHistoryLab—including Explorer mapping exercises, Closer Look analyses of sources and topics, and Writing Assessments tied to engaging videos—promote critical thinking. Support Instructors — MyHistoryLab, Instructor's eText, MyHistoryLab Instructor's Guide, Class Preparation Tool, Instructor's Manual, MyTest, and PowerPoints are available.

0205950345 / 9780205950348 Created Equal: A History of the United States, Combined Volume Plus New MyHistoryLab with eText -- Access Card Package, 4/e Package consists of: 0205206549 / 9780205206544 NEW MyHistoryLab with Pearson eText -- Valuepack Access Card 0205901301 / 9780205901302 Created Equal: A History of the United States, Combined Volume This American classic is as fresh and meaningful today as it was when it was first written in the mid-nineteenth century. Largely based on the author's own childhood, *Little Women* is a timeless tale of the four young March sisters: Meg, Jo, Beth, and Amy. As different in their personalities as they are alike in their devotion to each other, the girls vow to support their beloved mother, Marmee, by behaving their best while Father is away, serving as an army chaplain in the Civil War. Literary-minded tomboy Jo develops a fast friendship with the boy next door,

and pretty Meg, the eldest, finds romance; frail and affectionate Beth fills the house with music, and Amy, the youngest, seeks beauty with all the longing of an artist's soul. Although poor in material wealth, the family possesses an abundance of love, friendship, and imaginative gifts that captivate readers time and again. **ALERT:** Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- Out of Many is a coherent narrative of American history that offers insight into how diverse communities and different regions have shaped America's past. The text reveals the ethnic, geographical and economic diversity of the United States by examining the

individual, the community and the state and placing a special focus on the country's regions, particularly the West. The updated edition features new and expanded coverage of a wide variety of topics in addition to MyHistoryLab tools that connect the text to interactive online learning tools to bring U.S. history to life.
